

Public Notice: Public Transit Fare Increase of \$0.25 for Baxter Residents 7/1/2018

Brainerd & Crow Wing Public Transit extends transit services to the City of Baxter residents under an agreement with the City of Baxter in which the City of Baxter has local share responsibilities for funding shortages. Generally, Baxter resident ridership fares cover this financial obligation; however, there was a shortfall in 2017. As a result, the current \$2.00 fare along with the 2017 shortage were discussed at the April 3, 2018 Baxter City Council meeting. The City of Baxter approved a fare increase to \$2.25 that will go into effect on July 1, 2018.

Please direct any questions or concerns to Andy Stone, Transit Coordinator at the City of Brainerd.
